G-MB - 537/63
22 August 1963

MEMORANDUM FOR: NSA Liaison Officer, NPIC

25X1 ATTENTION : [redacted]

FROM : Chief, CIA/PID (NPIC)

SUBJECT : Ta-Pao Airfield, China

REFERENCE : Requirement No. NSA/P056/R 15-63 (C) (Project No. C 1084-63)

1. In response to Requirement No. NSA/P056/R 15-63 (C) (Project No. C 1084-63), a study was made from [redacted] of Ta-Pao Airfield (40[redacted]-124[redacted]E), in order to determine the credibility of the information reported on the airfield by the 67 RRS in Unifile Photo Interpretation Report No. 4474 (29 May 1963). 25X1

2. The information reported in UPIR Report No. 4474 is correct and contains all pertinent information related to the airfields. However, information on the barracks, administrative, support, area, and POL storage areas was probably obtained from Mission [redacted] (see UPIR Report No. 0217), since [redacted] coverage of the airfield was of poor quality and permitted only limited interpretation. 25X1

25X1

3. The photo analysis [redacted] was performed by [redacted] CIA/PID/GRS (NPIC), who may be contacted on [redacted] for any additional information. 25X1 25X1
